LATEST Foreign Intelligence.

From Glasgow papers to the 2d of November, received at the office of the N. Y. Mercantile Advertiser, by the ship Lydia, Treadwell.

RATISBON, October 10.

Yesterday in the 13th sitting of the Deputation, the new Plan of Indemnities was presented. The Deputation will immediately take it into consideration.—Bradenburgh, Bavaria, Wirtemburgh, Hesse-Cassel and Mentz, have already approved the general plan.

It was said and expected that this would be merely a supplementary plan to that given in on the 18th of August; but the supplementary matter is inserted in the former plan, so as to form an enlarged general plan, of indemnities. It contains thirty-four sections and is printed in four sheets. It will be seen from the following extracts that the Grand Duke of Tuscany receives by it no further indemnification.

Section 1. Contains the indemnifications of the Grand Duke of Tuscany, which are the same as in the former plan, only it is determined that the country of Neuburg, on the left side of the Inn, with all its territorial and seignorial rights shall be united to Bavaria.

Sec. 2. Bavaria shall receive the town and suburbs of Passau, together with all that appertains to it beyond the Inn and the Iltz, and a circle of 500 klafters from the extreme end of the said suburbs; as also the Abbeys of Waldsassen and Eberach, with exception of all rights, properties, and ecclesiastical revenues, which lie in the city and territory of Augsburgh.

Sec. 3. Prussia receives all the right and property of Mentz, in the Thuringia, as also the Abbey of Kappenberg. The rest of the Bishopric of Munster, which is given to Prussia, is allotted to several Princes.

Sec. 4. To the King of England and Elector of Brunswick Lunenburg, for his claims to the county of Sayn Altenkirchen, Hildersheim, Corvey, and Hoster, and his rights and property in the cities of Hamburgh and Bremen, and in the territory of the latter, as shall be hereafter particularly stipulated, and for the cession of the district of Wildshausen; the Bishopric of Osnabruck.

To the Duke of Brunswick, Wolfenbuttle, the Abbeys of Gandersheim and Helmstadt, under condition of paying a constant rent of 2000 florins to the Princess of Amelia of Dessau.

Sect. 5. The Margrave of Baden receives likewise the Hessian Districts Lichtenau and Wildstadt; the Abbeys of Rechenau, Ochninger, the Provostship and Chapter of Odenhiem, and the immediate rights and possessions which depend upon the public establishments and corporations on the left bank of the Rhine, and to the south of the Neckar.

Sec. 6. The Duke of Wirtemburgh receives likewise Sconthal, Camburg, with their sovereignties; as also Rothminster, Henigenthal, Obristeufeld, Houltzhausen, Margarethausen, and all the Abbeys, Convents, and Chapters in the same, on paying certain constant rents to different Princes.

Sect. 7. The Landgrave of Hesse Cassel receives for his claims to Corvey, the Mentz districts of Naumburgh and Neustadt, and the town of Geirhausen, under condition of paying a constant rent of 22,500 florins to the Landgrave of Hesse Rothenburg.

The Landgrave of Hesse Darmstadt; for surrendering certain rights on the cities of Wetzlar and Frankfort, and some Hessian Districts, receives the Duchy of Westphalia & different districts of Mentz, subject to a constant rent, &c.

Sect. 12. Nassau Dellenburgh, or the late Hereditary Stadtholder, receives the Abbeys and Provostships of Messon, St. Gerold, Banderen, and all Chapter, Provostships and Convents situate in the territory assigned him.

Sec. 25. The Seat of Mentz shall be transferred to the Cathedral of Ratisbon, and the dignity of Elector, Arch Chancellor and Primate of Germany, shall be perpetually united to it. His metropolitan jurisdiction shall extend over the old Ecclesiastical Provinces of Mentz, Cologne, and Treves, as far as they extend on the right bank of the Rhine, and excepting the territory of the King of Prussia. The Elector of Mentz, receives the principality and city of Ratisbon, and Wetzler, with the title of a county.

Sect. 27. The College of Imperial cities shall for the future consist of the free and independent cities of Augsburgh, Lubeck, Nuremberg, Frankfort, Bremen, and Hamburgh. They shall possess their respective territories in full sovereignty and jurisdiction. They shall also enjoy a perfect neutrality in all wars of the Empire, and shall always be exempt from any military contribution, ordinary or extraordinary; and in all questions of war or peace, shall be entirely and necessarily dispensed from acceding to the resolutions of the Empire; they shall also separately receive the following indemnities, &c.

BERNE, October 7.

The new Deputies whom our provisional Government had sent to Schwitz, to concert with the Diet, on the part to be taken in the present circumstances, M. Fischer, President of the Commission of Ten, and Freseheng of Rumlingen, returned to that city on the 24th. They have brought to General Bachmann the order to dissolve the confederate army. Yesterday and the day before, the contingents of the small Cantons have resumed the road to their homes. That of Schwitz has carried away an Helvetic standard which the confederates took in the battle of the 3d.

It was thought at first that the paid Bernese troops would remain; but as it was insisted that they also should be disbanded, they have conformed to that invitation, and are about to be dissolved likewise. The levies of troops, commanded in a great number of Cantons, are suspended in all. General Auf-der-Mout, who passed some days here, is gone to Schwitz, General Bachmann is still there with his Etat-Major and his headquarters.

The Commission of Ten has just addressed a proclamation to the inhabitants of the Canton of Berne, to thank them for the important services they have rendered to the public weal, and for the zeal they have manifested for the re-establishment of the ancient regime. They have invited them to remain tranquil in their homes.

Gradolphe, Secretary of Legation to Citizen Verninac, has been here for some days; he invited the Commission of Ten to assemble, and made them important overtures. We have room to hope that tranquility will be soon restored, and that our affairs will be arranged in a satisfactory manner.

Yesterday General Rapp gave a grand dinner, at which General Bachmann was present with his Etat-Major. The free corps of Berne will serve as a guard of honor to General Rapp during his stay here.

The Helvetic government, and the two demi brigades are not yet arrived.

FRONTIERS OF SWITZERLAND, October 18.

What we expected to see has happened; the promised moderation has not taken place. The light blue ribband of Zurich, which was to be the signal of union, has not prevented innumerable arrests, insults, and outrages. On the 10th the old Pastor, Tobler, was fired at in the city, but fortunately the ball missed him. The captain of the Helvetic grenadiers, Grimm, has been treated in a barbarous manner.

Every day new arrests are heard of. It is true that we are far from placing these facts at the doors of those who are now in power; but as they remain unpunished, that gives us at least suspicions of imbecility. It is said that the country people, who make common cause with the ruling party, is composed of all the ancient Baillies, Gressiers, Serjeants, Archers, and their partisans, from whom we cannot surely expect any thing but resistance to the new order of things.

From Aarburg we learn, under date of the 16th that 150 prisoners of Friburgh and the Leman have planted the tree of liberty in the midst of the aire of Ca Ira and Marseilloise.

The troops of Basle, who had been required to keep ready for marching at the first signal to join Bachmann's army, have received orders to remain where they are.

CONGRESS
OF THE UNITED STATES.

HOUSE OF REPRESENTATIVES.

Friday, December 17.

Mr. John C. Smith Chairman of the committee of claims reported on the petition of Joſeph Ward & others, "praying the payment of certain bills of credit called *new emiſſion bills*," that the ſaid committee concur in the report of the ſecretary of the treaſury thereon, and are of opinion that the prayer thereof, ought not to be granted.

Mr. Dawſon renewed his motion which was negatived yeſterday, "that the houſe reſolve itſelf into a committee of the whole to take into conſideration the Preſident's Meſſage. Agreed to.

Mr. John C. Smith in the Chair.

Mr. Dawſon then moved the following reſolution:

Reſolved, "That ſo much of the Preſident's Meſſage as relates to the protection of commerce & navigation, be referred to the committee of commerce and manufactures."

"That part which relates to our finances, to the committee of Ways and Means."

"That which relates to our Indian neighbors &c. to a ſelect committee."

Alſo, "that of navy yards and docks to a ſelect committee."

Mr. Dennis. What related to commerce particularly, including diſcriminating and countervailing duties, might be referred to the committee of commerce and manufactures; but that part which applied to the protection of commerce, and navigation, including the Mediterranean trade, might with more propriety be referred to a ſelect committee.

Mr. Nicholſon. The reſolution juſt read is too broad in its nature. It refers every thing relating to our commerce to the committee of commerce and manufactures—If they have all this to do, they cannot execute the other neceſſary buſineſs which will come before them, during the ſeſſion.

Mr. Griſwold. It muſt be obvious to this committee, that it is much better to word the reſolution in ſuch manner, as to point out ſpecific objects of attention; the committee of commerce and manufactures will have too much to do. I could wiſh the gentlemen from Virginia would agree to this propoſition.

Mr. Dennis moved to ſtrike out the words "relating to the protection of commerce," and inſert the words, "diſcriminating and countervailing duties including the act of the Britiſh Parliament." Amendment agreed to.

Mr. Rutledge obſerved that it had been uſual to refer all matters relating to the protection of commerce and navigation to a naval committee, he hoped the houſe would now adhere to former practices.

Mr. Mitchel moved, that ſo much of the Preſident's Meſſage, as reſpected the return of American ſeamen left abroad, be referred to the committee of commerce and manufactures.

Mr. Griſwold wiſhed the gentleman to ſtrike out the words, "commerce and manufactures," in order that it might be referred to a ſelect committee. It was of conſiderable importance, and the committee of commerce and manufactures would not have time to afford the conſideration the ſubject demanded. Agreed to.

Mr. Mitchell moved, 'that the affairs of Tripoli and other Barbary powers, be referred to a ſelect committee.'

Mr. Vanum moved, that ſo much of of the Preſident's meſſage as relates to the militia inſtitutions of the U. States, be referred to a ſelect committee.

Mr. Griſwold was happy that a ſubject ſo important as the fiſheries, had been noticed by the Preſident, and moved that the ſame be referred to a ſelect committee.

On motion, the committee roſe; the chairman reported in ſubſtance the following reſolutions, which were agreed to by the houſe.

1. That ſo much of the Preſident's meſſage as relates to diſcriminating and countervailing duties, including the act of the Britiſh Parliament, be referred to the committee of Commerce and Manufactures.

2. What relates to the finances, to the committee of Ways and Means.

3. The concerns of our Indian neighbours, and the new ſettlements on the frontiers, to a ſelect committee.

4. Navy yards and docks, to a ſelect committee.

5. The affairs of Tripoli and other Barbary powers, to a ſelect committee.

6. The militia inſtitutions of the U. States, to a ſelect committee.

7. That part of the Preſident's meſſage, which relates to foſtering the fiſheries of the United States, to a ſelect committee.

Mr. Randolph ſaid, a recent occurrence had happened, in which every member of this houſe was intereſted, in which every individual of the United States was concerned. It was in vain for him to attempt to impreſs on the minds of gentlemen in this houſe, the importance of the free navigation of the Miſſiſſippi river. In that is involved the commerce of a vaſt and extenſive country, growing in wealth and population. It behoves the Atlantic ſtates, it is the duty of the government to cheriſh and foſter the inhabitants of that part of our territory, and to check any encroachments which may be attempted on their navigation and trade. He therefore moved a reſolution, 'Requeſting that the Preſident of the United States would cauſe to be laid before the houſe, any information in his poſſeſſion, or in the office of ſtate, reſpecting a violation of the treaty between the United States, and the government of Spain. Carried.

The following reſolution was moved by Mr. Randolph, "that the committee of Ways and Means be inſtructed to enquire whether any, and if any, what alterations are neceſſary in the law impoſing duties on tonnage and goods, wares and merchandize, imported into the United States.—Carried.

Mr. Randolph alſo moved a reſolution, "for the repeal of all the laws reſpecting the Mint eſtabliſhment." Referred to a committee of the whole houſe, and made the order of the day for Monday next.

Mr. Mitchell moved, that when this houſe adjourn, they do adjourn until Monday next.—Agreed.

Mr. Euſtis preſented the petition of Wm. R. Mills, and W. C. Bordman. Read, and refered to the committee of commerce and manufactures. Ajourned till Monday, 11 o'clock.

Extract of a letter from Naſhville, Ten. to a member of Congreſs, dated Nov. 22, 1802.

SIR,

"The ſcarcity and high price of ſalt calls my attention that way. It has lately come to my knowledge that the United States have procured from the Indians a right in perpetuity to the ſaline on the Weſt ſide the Wabaſh near the Ohio. In all probability a law will be paſſed on the ſubject, authoriſing the Secretary of the Treaſury to leaſe out this tract of land and I take the liberty to offer my ideas on the ſubject. The principal care ſhould be to guard againſt a monopoly of that article. This I ſuppoſe would be beſt done and the real intereſt of the United States beſt inſured by letting the land for a period, ſay of ſeven, ten or twelve years, to the higheſt bidder—not aiming for the firſt period to obtain the higheſt price in money for the rent but the greateſt quantity of ſalt. As ſuppoſe it might be rented for 5000 dollars per annum without any obligation to make a certain quantity of ſalt—let it go at half that ſum of money or leſs if the leſſee will engage to make 40,000 buſhels of ſalt, and if he will engage to make as much ſalt as the king at Holſtein makes, then for a ſtill ſmaller annuel rent—diminiſhing the annual money rent in proportion as he will make a greater quantity of ſalt. In reality the expence of preparing for the buſineſs ought to make the firſt year of the leaſe be nothing other than an obligation to make a certain quantity of ſalt.

"Before this reaches you, you will have ſeen the Spaniſh Intendant of Orleans his proclamation for ſhutting that port againſt the citizens of the United States, and probably will be poſſeſſed of other information on the ſubject which I have not. You can ſcarce conceive how the paſſions of the citizens of this part of the country are excited by that event. The obſcure manner in which the Intendant expreſſes himſelf in the beginning of the proclamation, ſeems as though he had a conſciouſneſs he was not acting with an honeſt intention of fulfilling our treaty with his nation. The treaty provides that his Catholic Majeſty will permit the citizens of the United States for the ſpace of three years from this time (27th October, 1795,) to depoſit their merchandizes and effects in the port of New Orleans, and to export them from thence without paying any other duty than a fair price for the hire of the ſtores. And his Majeſty promiſes either to continue this permiſſion if he finds during that time that it is not prejudicial to the intereſts of Spain. Or if he ſhould not agree to continue it there he will aſſign to them, on another part of the banks of the Miſſiſſippi an equivalent eſtabliſhment! Surely it is not in the ſpirit and intention of this treaty abruptly to ſhut the port without any previous notice, and without aſſigning the equivalent eſtabliſhment."

There is a venerable gentleman, now reſiding in this town, who can teſt the falſhood of one aſſertion in Paine's third letter; and if he has any regard to candor and truth, he will do it. The aſſertion is, "that Mr. John Adams was one of a party forming in 1777 and 1778, to remove General Waſhington from the command of the army." *Weſt Gaz.*

The ſerious and reflecting part of the community, ought not, for a moment, to loſe ſight of a fact, that the infidel who is now engaged in ſlandering the wiſeſt and moſt virtuous characters that America can boaſt of, was invited to this country by Mr. Jefferſon, and is now in the c[illegible] habits of intimacy and friendſhip with him. *(ibid.)*

From a London Paper of Oct. 23.

"It is ſaid that Bonaparte has formed a plan of getting into his treaſury, a part of the produce of the Spaniſh mines, by means of a National Union Bank, in which Spain and France are to have equal ſhares, and which is to have one eſtabliſhment at Madrid, another at Paris, and a third at Peru. By this means bullion might be imported from Peru direct, without paſſing through Spain. The conſequences of this plan if carried into execution, are evident. Spain and France would form one financial corporation; and the latter would have an opportunity of employing the treaſures of the former, in carrying on her ſchemes of aggrandiſement. If Bonaparte be really ſerious in ſuch a ſcheme, there is little doubt of his being able to execute it in the preſent creſt fallen ſituation of Spain, where a fatal national decline has at length ſubdued even thoſe principles of pride and jealouſy which for ſome time kept a degree of warmth in the aſhes of her former greatneſs."

Dr. HAMILTON's ELIXIR,

A ſovereign remedy for Colds, Obſtinate Coughs, Aſthmas, Catarrhs, Sore Throats, and Approaching Conſumptions.

To parents who may have children afflicted with the HOOPING COUGH.

This diſcovery is of the firſt magnitude, as it is an immediate relief, checks the progreſs, and in a ſhort time entirely removes the moſt cruel diſorder to which children are liable—the Elixir is ſo perfectly agreeable and the doſe ſo ſmall, that no difficulty ariſes in taking it.

—

From LUTHER MARTIN, Eſq. Attorney-General of the State of Maryland.

Gentlemen,

I comply with your requeſt in ſtating my opinion of Hamilton's Elixir. It has been uſed in my family for two or three years paſt, with uniform ſucceſs, whenever colds, coughs, or ſimilar complaints have rendered medicine neceſſary. I have myſelf found it an excellent and agreeable remedy for a very painful and troubleſome affection of the breaſt, accompanied with ſoreneſs and with obſtructed and difficult breathing

On theſe accounts I do not heſitate to recommend Hamilton's Elixir, as a valuable medicine, and deſerving public attention.

LUTHER MARTIN.

Mr. Abijah Henly, Bridge-Street, Baltimore, was cured by one bottle of Hamilton's elixir of a very complicated diſorder, occaſioned by a ſevere cold caught ſeveral months ago. He breathed with the greateſt difficulty, and was often thrown into weakening ſweats when he attempted to walk any diſtance, and his voice would frequently fail in ſuch a degree that ſhe could only attempt to whiſper, he has been upwards of ſix weeks without a return of his complaints, and deſires to give this public teſtimony in favour of this invaluable medicine.

—

Dr. Hamilton's GRAND RESTORATIVE,

Is recommended as an invaluable medicine, for the ſpeedy relief and permanent cure of the various complaints which reſult from diſſipated pleaſures—juvenile indiſcretions—reſidence in climates unfavourable to the conſtitution—the immoderate uſe of tea, frequent intoxication, or any other deſtructive intemperance—the unſkilful or exceſſive uſe of mercury—the diſeaſes peculiar to females, at a certain period of life—bad lyings in, &c. &c.

And is proved by long and extenſive experience to be abſolutely unparalelled in the cure of

Nervous diſorders,	Violent cramps in the ſtomach and back,
Conſumptions,	Indigeſtion,
Lowneſs of ſpirits,	Melancholy,
Loſs of appetite,	Gout in the ſtomach,
Impurity of the blood,	Pains in the limbs,
Hyſterical affections,	Relaxations,
Inward weakneſſes,	Involuntary emiſſions,
Seminal weakneſſes,	Obſtinate gleets,
Fluoralbus, (or whites)	Impotency, &c. &c.
Barrenneſs,	

In caſes of extremity, where the long prevalence and obſtinacy of diſeaſe has brought on a general impoveriſhment of the ſyſtem, exceſſive debility of the whole frame, and a waſting of the fleſh, which no nouriſhment or cordial could repair a perſeverance in the uſe of this medicine has performed the moſt aſtoniſhing cures.

—

HAMILTON's ESSENCE and EXTRACT of MUSTARD,

A ſafe and effectual remedy for gout, rheumatiſm, palſey, ſprains, bruiſes, pains in the face and neck, &c. And has performed more cures in the above complaints than all the other medicines ever before made public.

From Dr. Weatherburn, Wyth county, Virginia.

Gentlemen,

I purchaſed at your ſhop the preparations you call Hamilton's Eſſence, or Extract of Muſtard, which I believe has perfectly removed a chronic rheumatiſm (of that kind named ſciatica, or of the hip joint) under which I had laboured for a long time, and which had baffled every article in the Materia Medica, and every mode of treatment received into practice for the cure of this obſtinate diſeaſe, If you think this letter uſeful you are at liberty to make it public.

Yours, &c.

P. WEATHERBURN.

John Hoover, rope-maker, South Second-Street, between Mary and Chriſtian-Streets, Philadelphia, voluntarily maketh oath as follows, namely, that his wife, Mary Hoover, was ſo ſeverely afflicted with a violent rheumatiſm, very dangerouſly ſituated, the conſequence of a ſevere cold after lying in, as to be confined to her bed for ſeveral weeks, and was at length reduced to the melancholy apprehenſion of remaining a cripple for life. notwithſtanding the moſt reſpectable medical advice was followed, and every probable remedy attempted: when ſeeing ſeveral caſes of cures performed by Hamilton's Eſſence and Extract of Muſtard, they were procured from Mr. Birch, No. 17, South ſecond-Street. The firſt application enabled her to walk across the room, and the uſe of one bottle reſtored her to her uſual ſtate of heath and ſtrength.

HAMILTON's

WORM DESTROYING LOZENGES.

Which have within four years paſt cured upwards of one hundred and twenty thouſand perſons of both ſexes, of every age, and in every ſituation, of various dangerous complaints ariſing from worms, and form obſtructions or foulneſs in the ſtomach and bowels.

This medicine bears no analogy whatever of ſimilar title, ſo commonly complained of as operating with violence; on the contrary, a particular excellence of this remedy is its being ſuited to every age and conſtitution; contains nothing but what is perfectly innocent, and is ſo mild in its operation that it cannot injure the moſt delicate pregnant lady, or the tendereſt infant of a week old, ſhould no worms exiſt in the body; but will, without pain or griping, cleanſe the ſtomach and bowels of whatever is foul or offenſive, and thereby prevent the production of worms and many fatal diſorders, They are particularly efficacious in carrying off all groſs humours and eruptions; feveriſh and bilious complaints, and are the ſafeſt and mildeſt purgative that can be uſed on any occaſion.

Deſcription of Worms, and the ſymptoms by which they are known.

Worms which inſeſt the human body, are chiefly of four kinds, viz. the Teres or large round worm, the Aſcarides, or ſmall maw worm, the Cucurbitina, or ſhort, flat, white worm, and laſtly, the Tænia, or tape worm, ſo called from its reſemblance to tape; this is often many yards long, and is full of joints—It is moſt hurtful, and moſt difficult to cure.

Among the ſymptoms attending worms, are diſagreeable breath, eſpecially in the morning—Bad and corrupted gums—Itching in the noſe and about the ſeat—Convulſions and epileptic fits, and ſometimes privation of ſpeech—Starting and grinding of the teeth in ſleep—Irregular appetite, ſometimes loathing food, and ſometimes voracious—Purging, with ſlimy and fœtid ſtools—Vomiting—Large and hard belly—Pains and ſickneſs at the ſtomach—Pains in the head and thighs, with lowneſs of ſprits—Slow fever, with ſmall and irregular puſſe—A dry cough—Exceſſive thirſt—Sometimes pale and unhealthy countenance, and ſometimes the face bloated and flushed.

Perſons afflicted with any of the above ſymptoms, ſhould have immediate recourſe to HAMILTON's WORM DESTROYING LOZENGES, which have been conſtantly attended with ſucceſs in all complaints ſimilar to thoſe above deſcribed.

A doſe of this medicine given occaſionally during the warm ſeaſon, will effectually prevent the vomiting and purging of children, a dreadful diſorder which annually deſtroys thouſands of the infant part of our cities. It is likewiſe the mildeſt and moſt certain remedy known and has reſtored to health and ſtrength a great number when in an advanced ſtage of this fatal complaint. Paticular and plain inſtructions are given for every part of the neceſſary treatment in ſuch caſes.

Children generally take this medicine with eagerneſs; having a pleaſing appearance, and an agreeable taſte,

TAPE WORM.

Mr. SAMUEL FULLER, Inn-keeper, on the Harford road, ten miles from Baltimore, began about 20 months ago to be grievouſly afflicted with a tape worm, which increaſed faſt in ſize and ſtrength, ſo as to excite the moſt horrid ſenſations by its writhing motions and intolerable pains, reſembling the gnawing and tearing of his bowels, which deprived him of his neceſſary ſleep, and cauſed ſuch dreadful apprehenſions as cannot be conceived but by one in a ſimilar ſituation—his appetite waſted rapidly and with that his ſtrength, ſo that he was unable to attend to any buſineſs—when he heard of ſome excellent cures performed by Hamilton's worm lozenges, he took a large doſe, which brought away about FOUR YARDS of the worm (now in the poſſeſſion of Lee & Co.)—but a renewal of his pains ſoon convinced him that this monſtrous reptile had recovered its firſt vigour—Application was made to Lee & Co. for more of their medicine, with their advice—from which reſulted the total expulſion of his formidable enemy, in ſeveral pieces, which he ſuppoſed to be SIX or EIGHT YARDS more. A few months have ſince elapſed, and Mr. Fuller is now in perfect health. The above facts are well known to a numerous circle of his neighbours, and himſelf will gratify any who may wiſh to make further inquiries on the ſubject. Although Hamilton's worm lozenges produce ſuch powerful effects, when neceſſary, yet they are perfectly innocent and mild in their operation on the human body, even taken in large doſes, as Mr. Fuller will teſtify—their particular mildneſs is abundantly evident in innumerable cures of infants.

Communicated by Dr. John Spangler, York-town, Pennſylvania.

Letter from the reverend Mr. JOHN MOLTHER, miniſter of the Moravian church, in York-town.

York, January 4th, 1802.

Dear Sir,

Dr. Hamilton's lozenges have been recommended to me as a very adequate means for the cure of children afflicted with worms, I procured a box for the uſe of my family, to try, whether by means of this medicine, I might be enabled to gain a point, which, to accompliſh, different other means had proved abortive. My eldeſt boy had a very ſickly appearance, was very reſtleſs at night, grew leaner from time to time; in ſhort, he ſeemed to be in a precarious ſtate of health, which would yield to none of the medicines adminiſtered, until I gave him two doſes of lozenges, agreeably to the directions, which carried off a ſubſtance to al appearance a mere mucus, but upon cloſe inſpection quite reple with very ſmall living animals. Not one of that ſort of worms which uſually afflict children came from him. Since that period he grew remarkably better in health, and though lean, has got a freſh and lively complexion. Upon different occaſions I have uſed this medicine as a purging ſubſtitute, and found it to anſwer exceedingly well, without bringing on belly-ache, or any of thoſe diſagreeable ſenſations, ſo often occaſioned by purging medicines. Upon the whole, I judge this medicine to be, beſides its main object, one of the moſt ſalutary means for reſtoring loſt appetite, and promoting a proper ſtate of digeſtion, by carrying off that bilious ſubſtance, which engenders ſo much indiſpoſition both among children and adults.

I am, Sir, your moſt obedient ſervant,

JOHN MOLTHER.

THE SUBSCRIBER does, in explicit terms, forbid all perſons from hunting or fowling on his land. Beſides depriving him of the advantages which are to be derived from this ſource, his fences (which are erected at conſiderable expence) are thrown down, his paſtures made a common, and continual depredations made on his ſheep and hogs.

It would be painful to proſecute any perſon for a treſpaſs of this kind; but after this public notice, he is determined to proceed with the utmoſt rigor againſt any one who, in violation thereof, ſhall invade his property.
